

**Entering Grade 6  
Summer 2020  
Virtual Math Camp**

All students entering Garfield Middle School in the  
Fall 2020 are required to participate in weekly activities beginning the  
week of July 13<sup>th</sup> through September 1!

Students will be provided with a series of short videos, which can be  
viewed on a laptop, phone, or other device. Each weekly topic will reinforce  
and introduce math vocabulary and concepts.

An accompanying form must be completed each week after watching the  
videos and games to gain credit.

**Virtual Math Camp should only take approximately  
40 minutes each week.**

Participation is required and students will receive credit for completion!  
Videos and communication will be sent directly to students  
via Microsoft Teams
